Copies of shorter articles listed in this Bibliography may be obtained, in general, through the photocopying service of the National Research Council. Rates for this service are as follows: $1.50 for a photoprint of any article of not more than 7 pages. An additional $1.50 is necessary for each additional 7 pages or fraction thereof. A discount will be allowed to the libraries of Canadian universities. Requests for photoprints should be addressed to the National Research Council, Ottawa, Canada.

Coupons are issued by the Council valued at 5, 25, and 50 cents. These can be used in payment for this service as well as cash (stamps are not acceptable), money order or cheque (payable at par in Ottawa credit National Research Council). Coupons can be used for the purchase of all National Research Council publications.
